

Unique Teambuildings On Track!

About Wheels after Work

At Wheels after Work our mission is to make motorsport accessible to a broader audience of petrol heads. Making dreams affordable has been our company mantra for several years.

Combining a range of affordable track cars and different track experience packages we truly understand how to inject our customers with a monthly adrenaline shot. Join our genuine petrol head community today!.

Deliver your team the ultimate outlet!

The impact of the corona pandemic on our way of working was huge. Every company or team had to adapt at record speeds, and unfortunately, this was often accompanied by a loss of social contact and variety. Teambuildings offer the ideal way to break the prevailing rut, to give your employees an outlet and to improve the team spirit!

What can we offer your team?

- An original way to reinvigorate your team in a safe way, both on the track and coronaproof.
- A unique experience suitable for every team, both young and old, experienced pilots or complete beginners.
- A teambuilding at a location of your choice. No hours of travelling, just on the nearest circuit.
- The opportunity to learn and work on your driving skills.
- The necessary catering and refreshments for the breaks.

What can you expect?

- Get under the hood yourself and work as a team on your own car, gain relevant knowledge and discover the impact it has on the track!
- Get behind the wheel and get tips from an experienced coach, improve your general driving skills and your time on the track!
- Set the best time as a team or race together against the clock!
- Analyse your own performance with our video analyses.
